

MEDIA RELEASE

Telethon Home heads for Hills

TelethonSA is thrilled to announce that the 2019 TelethonSA Home and Land Lottery, to be launched in late August, is heading for the Adelaide Hills.

This year's lottery first prize home will be built at one of the Adelaide Hills prestigious new addresses, Seasons Mount Barker. The 3-bedroom home will once again be constructed by award-winning South Australian builder Rivergum Homes.

TelethonSA Chair, Neil Smith, said that TelethonSA was excited to see the home move to the sought-after leafy Adelaide Hills.

"One lucky person will have their dreams realised this year, owning an architecturally designed, spacious home in the Adelaide Hills and all for just ten dollars."

"We are incredibly grateful to Rivergum Homes. Their support over the past two years has helped TelethonSA raise over \$2million in support of South Australian charities. And this year, through the Rivergum Home at Seasons Mount Barker we hope to raise a further \$1million."

Managing Director of Rivergum homes, Victor Said, who originally offered to donate three homes when Telethon announced their imminent closure, said 2019's home included the full wish-list of a homeowner.

"The winning home is a bright, airy and spacious home designed by our lead architect. We're hoping ticket-buyers are excited by the location within the new Seasons development and the views overlooking the magnificent heritage railway line and new linear bike and hike trail".

"As a South Australian business, our commitment to supporting more than 20 South Australian charities is something we're exceptionally proud to do as we celebrate our 25th year in business", he said.

The conveniently located home is just off Wellington Road, Mount Barker and will be completed, furnished and available for viewing from mid-November ahead of the December draw. The home comes fully furnished by Taste Furniture, in addition to an impressive and extensive pool of prizes, including a car from Maughan Thiem for the second year.

Tickets are planned to go on sale late August.
